5th Floor, Sardar Patel Bhavan, Parliament Street,
New Delhi, Dated February 07, 2023

To

The Secretary General
Quality Council of India
Institute of engineers
2nd Floor, Bahadur Shah Zafar Marg,
New Delhi-110001.

Subject: **Setting up of Project Monitoring Unit (PMU) for the works relating to the Implementation of recommendations of NesDA, 2021**.

Sir,

I am directed to refer to the proposal received from Quality Council of India (QCI) on the above subject vide email dated 11th January, 2023 and to convey the approval of the Competent Authority for award of the said work to QCI on the following terms and conditions:-

(A) **Objective of PMU**

The overall objective of setting up the PMU will be to work in association with the DARPG to monitor and evaluate the implementation of recommendations given in the NeSDA 2021 report for States/UTs/Central Governments. The PMU will achieve this by being the nodal point for planning and working on actionable agendas as prioritized by the Department.

The NeSDA 2021 report provides suggestions for further improvement in the depth and effectiveness of e-Governance service delivery. These recommendations are provided to enhance the usability and utility of the portals, thereby encouraging greater acceptance of portals among citizens and ultimately improving the country's e-Governance landscape. DARPG will collaborate with States and Union Territories for timely implementation of the NeSDA 2021 recommendations to ensure:

- Rolling out of all the identified mandatory and other e-services
- Strengthening of State portals and service portals

Improvement of the country's e-Governance landscape is summarised into the following key takeaways:

- **Saturation of e-Services**

  Increase in delivery of mandatory and other identified e-Services across the seven sectors. Moreover, provision of these online services facelessly.

- **Rise in use of Integrated / Centralized Portals for delivery of e-Services**

  Adoption of integrated service delivery provides multiple benefits including faster rollout of services, consistent interfaces, reduced friction, and increased trust, leading to an overall better experience for citizens.

- **Suo-moto entitlement-based delivery of services**

  Timely provision of services to the citizens as per their requirement, based on the lifecycle approach.

- **Improvement in scores of all seven assessment parameters of NeSDA framework**

  Improved scores across all parameters reflect the work done towards adoption of standards for uniformity in governance.

(B) **Scope of Work**

Professionals working in the PMU will primarily work with the Department on monitoring, review, and data analytics vis-a-vis NeSDA 2021 recommendations. The scope of work will include but not limited to:

1. Assist and facilitate DARPG to achieve the aim of:

- Saturation of all 56 mandatory services and optional services in all state and UT Governments
- Increased adoption of integrated centralized portals for e-service delivery
- Improvement in scores of all seven assessment parameters of NeSDA framework. Especially, improved score of service portals at par with state portal

2. Monitor NeSDA Portal and Coordination with various stakeholders:

- Coordination with DARPG NIC team in monitoring of NeSDA Portal

- Analysis and interpretation of the uploaded data on NeSDA Portal
    - Total e-services
    - Mandatory services
    - Integrated portals
    - Auto Appeal
    - Suo moto entitlement based services
- Facilitate central ministries, state and UT governments to update their details on the portal and act as their POCs
- Drafting agenda for review meetings

3. <u>Generate regular reports and publications as per pre-defined timelines highlighting:</u>

- Baseline for assessment and benchmarking of the provided services
- Monitoring of central ministries, state and UT governments in terms of:

    - Number of e-services delivered
    - Number of mandatory services provided
    - Number of integrated portals
    - Score across all four parameters for State portals and across all seven parameters for State Services portals added

- Identification of bottlenecks in the implementation of recommendations process
- Dissemination of best practices

(C) **<u>Composition and Manpower</u>**

The PMU team will comprise of 3 QCI professionals. The team will be working with DARPG for a period of 1 year. The professionals will have the relevant qualifications and professional background required to fulfil the tasks outlined in the previous section.

These professionals will have the following skills and credentials:

- The professionals might have been a part of any earlier PMU's set up at various Ministries/ Departments by QCI
- To help with specific analysis, at least 1 professional should have core expertise in data analytics and must have graduated from Tier 1 college from India/ abroad

(D) **Financial Plan**

The financials (Unit Cost) for setting up of the PMU by QCI are as follows:

DARPG – NeSDA Project Monitoring Unit

Activity	Days	Professionals	Cost / Man Day	Total Cost (in Rs)
QCI Professional	260 (5*52)	3	7,500	58,50,000
QCI (Administration cost)		12% of total cost		7,02,000
Total				**65,52,000**

**GST to be charged separately.*

(E) **Payment Structure**

The payment structure will be as follows *:

Target, Milestone, or Reporting Deliverables	Amount (%)
Award of Work-Order and commencement of work	20%
Completion of 3 months	20%
Completion of 6 months	20%
Completion of 9 months	20%
Completion of 12 months	20%
Total Amount	100%

**The payments will be released as per the provisions of guidelines of Department of Expenditure issued from time to time.*

The duration of one year of PMU will be started from the date of issue of work order.

This issues with the approval of the Competent Authority and concurrence of Integrated Finance Division. MHA's diary No. N-14/1/2023-O/O DS(e-GoV)-DARPG (e.8080) dated 02/02/2023.

Yours faithfully
