INTRODUCTION

The Department of Administrative Reforms and Public Grievances (DAR&PG), is the nodal agency of the Government of India in-charge of policy making, monitoring and coordinating departments for public grievances. The Allocation of Business Rules, 1961 delineated the mandate for the same. These rules have allocated work relating to (i) redress of public grievances (in general) and (ii) grievances pertaining to Central Government agencies, to the DAR&PG.

One of the key facets of ‘good governance’ is the provision for a platform wherein the citizens can make their grievances known to competent authorities. This century has seen the tremendous impact digitization has had on improved service delivery and ease of access to citizens across sectors and services. Centralized Public Grievance Redress and Monitoring System (CPGRAMS) is another such initiative towards the same.

Centralized Public Grievance Redress and Monitoring System (CPGRAMS) is an online web-enabled system for Pan India grievance registration developed by NIC, in association with Directorate of Public Grievances (DPG) and Department of Administrative Reforms and Public Grievances (DARPG). As per the directions received from Prime Minister’s Office, DARPG undertook CPGRAMS 10-Step Reforms in the year 2022 which were further enhanced in the year 2023. These reforms include, Universalisation of CPGRAMS 7.0. in the Central Secretariat, Technological enhancements using AI/ML, Introduction of regional languages and integration of Bhashini, Grievance Redressal Index for ranking, Feedback Call Centre to collect feedback directly from the citizens, One Nation-One Portal, Increasing Outreach through CSCs, Training and Capacity Building of Grievance Redressal Officers, Monitoring using Monthly Reports and establishment of Data Strategy Unit.

Quality Council of India has worked very closely with DARPG on previous occasions and is familiar with its working and areas of concerns. We started our journey together by conducting numerous grievance studies. In this exercise, QCI intends to gather the information required for building a comprehensive (and thereby streamlined) grievance registration on CPGRAMS and monitoring of the same in order to aid quality and effective disposal of the grievances.

I. About Quality Council of India

The Quality Council of India (QCI) has been set up as a non-profit autonomous society registered under Societies Registration Act XXI of 1860 to establish an accreditation structure in the country and to spread quality movement in India by undertaking a National Quality Campaign.

QCI was established as the National body for Accreditation on recommendations of Expert Mission of EU after consultations in Inter-Ministerial Task Force, Committee of Secretaries and Group of Ministers and finally a Cabinet decision in 1996. Accordingly, the Council was made an autonomous non-profit organization through seed funding initially by the Government of India and the Indian Industry represented by the three premier industry associations, Associated Chambers of Commerce and Industry of India (ASSOCHAM), Confederation of Indian Industry (CII) and Federation of Indian Chambers of Commerce and Industry (FICCI). The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry is the nodal point for all matters connected with Quality and QCI.

The Chairman of QCI is nominated by the Hon'ble Prime Minister. QCI was envisaged as an independent organization with its own source of funds through accreditation and activities of quality promotion. It receives limited plan funds for specific promotional activities in quality domain.

The Council was established to create a mechanism for third-party assessment of products, services and processes. In tune with the international best practices, it was envisaged that the Council will play the role of the National Accreditation Body (NAB) as per existing eco-system of quality around the world and will ensure that the quality of life of citizens around the world is improved. It was therefore, befitting that the Council was organized as an independent organization from both government and Industry and functions as an Independent Professional body with its own rules, powers and functions strictly as per the MoA of the society.

II. Previous Project Management Units (PMUs) set up by QCI

1. Department of Administrative Reforms and Public Grievances (DARPG)

DARPG had asked QCI to setup a PMU for monitoring the implementation of key reforms aimed at reducing public grievances and improving public grievance redressal for the first 20 ministries (previously evaluated by QCI). Apart from the PMU, QCI has worked on grievance analysis of top 40 Ministries/ Departments, revamped the Citizen Charter of CBDT and MEA, revamped CPGRAMS for Top 10 Ministries/ Departments etc.

2. NITI Aayog

QCI assisted NITI Aayog to develop and track the Action Plans of 81 Central Government Ministries as requested by the Committee of Secretaries (CoS), an effort led by the Prime Minister of India. QCI is leading the development of a project monitoring portal for real-time analytics and insights for tracking outcomes across Ministries/Departments.

3. Ministry of Railways

Ministry of Railways had requested QCI to help drive 9 key budget initiatives and manage their scope and strategy of implementation as well as create a mechanism to monitor their implementation. These initiatives cover a variety of areas from contracts to operations to exports and advertising revenues.

4. Ministry of Petroleum and Natural Gas (MoPNG)

MoPNG had requested QCI's help in creating a tracking, planning and implementation module for Pradhan Mantri Ujjwala Yojana involving:

- Tracking the scheme implementation, isolating areas with good/bad performance
- Implementation planning in terms of where to release more connections, where to open more distribution centres etc.

III. Objective

The overall objective of setting up the PMU will be to work in association with the DARPG to provide strategy and policy consultation for the Public Grievance Division. The PMU will achieve this by being the nodal point for planning and working on actionable agendas as prioritized by the Department.

IV. Scope of Work

Professionals working in the PMU will primarily work within the Department on policy analysis, research and data analytics vis a vis CPGRAMS. The scope of work includes:

The PMU team to work on the following areas:

1. Work on the existing categories/sub-categories mapped onto CPGRAMS of Ministries/Departments to rationalise the same
 2. Work on developing customisable Action Taken Report for top 10 grievance receiving Ministries/Departments
 3. Organise events like CPGRAMS Adalat, in line with Pension Adalat organised by Department of Pension and Pensioners Welfare, for redressal of grievances which are long standing in nature, and coordination with the respective stakeholders
 4. Work on simplifying the citizen user journey and generating user screens for Next Gen CPGRAMS
 5. Assist PG Division in data part / presentations / minutes, as per the requirement
- From May, 2022, a PMU was setup at DARPG to publish CPGRAMS Monthly Reports for Central Ministries/Departments and States/UTs
 - As of August, 2024, the PMU has assisted the department in releasing 27 Monthly Reports for Central Ministries/Departments and 24 Reports for States/UTs, along with the Annual Reports for the year 2022 and 2023
 - The PMU Team also assisted the department in developing a ranking framework for Central Ministries/Departments and States/UTs based on the quality and timely redressal of grievances

- The team has been continuously coordinating with the other stakeholders of the department, including BSNL, CGG Hyderabad, DSU, IIT-Kanpur, for further improvements in the CPGRAMS Portal
- Initially, the PMU was setup for a period of one year, which was further extended till January, 2024, and then till March, 2024. The last work order was issued for a period of 5 months, from 1st April, 2024, to 31st August, 2024
- The new work order will be applicable from 1st September, 2024, for a period of 7 months, till 31st March, 2025

V. Composition and Manpower

The PMU team will comprise the following 8 QCI professionals. The Department will assign a Single Point of Contact (SPOC) for smooth coordination on project requirements.

The professionals will have the relevant qualifications and professional background required to fulfil the tasks outlined in the previous section.

These professionals shall have the following skills and credentials

- The Project lead must have worked at QCI for at least 1 year and shall have a direct line of reporting to Chairman and Secretary General, QCI
- The professionals might have been a part of any earlier PMU's set up at various Ministries/Departments by QCI
- To provide assistance with specific analysis, at least 1 professional should have core expertise in data analytics and must have graduated from Tier 1 college from India/abroad

Apart from the above mentioned points, DARPG may ask for professionals with certain skills they deem necessary. This intimation should be done before signing of the work order by both the parties

VI. Review

A quarterly review may be conducted for the PMU. The composition of the review panel may be decided by the DARPG. The broad role of the review panel may be as follows:

1. Conduct monthly progress reviews for the 8 QCI professionals
2. The review panel may choose to re-focus the QCI team onto a different part of the pre-agreed upon scope if they feel it might add more value. The panel and the QCI team may mutually agree upon the revised direction for the project
3. Debottlenecking of any major hurdles faced during the project

VII. Financials

The financials have been kept as per the previous work orders, for the extension of the PMU by QCI as follows:

DARPG – CPGRAMS Project Monitoring Unit				
Quality Council of India				
Activity	Man Days	Number of Resources	Cost / Man Day	Total Cost
QCI Professional	140	8	Rs. 7,500	Rs. 84,00,000
QCI (Administration cost)	12% of total cost			Rs. 10,08,000
Total Cost (A)				Rs. 94,08,000

**GST to be charged separately.*

The new work order will be applicable from 1st September, 2024, for a period of 7 months, till 31st March, 2025.

VIII. Payment Structure

The payment structure may be as follows:

S. No.	Target, Milestone, or Reporting Deliverables	Amount (%)
1	Award of Work-Order and Commencement of work	25%
2	Completion of 2 Months	20%
3	Completion of 4 Months	20%
4	Completion of 6 Months	20%
5	Completion of work	15%
Total		100%

IX. Obligations and asks from the DARPG

To ensure the program starts and progresses smoothly, QCI requests the DARPG to facilitate the QCI team with the following:

- Issue a sanction order to QCI with the following aspects:
 - Formal extension date for PMU team
 - Finalised terms of payment
 - Detailed work order to include final cost accepted by the DARPG
 - Details of Initiatives and projects to be covered by the PMU
 - Finalisation of the PMU's overall statement of work
- Creation of review committee, including finalisation of structure, powers and personnel on the committee
- Nominate a Single Point of Contact (SPOC) for various functions in DARPG for coordination with PMU to assist in cross-functional collaboration
- Finalisation of initiative scope to be done between QCI team and relevant SPOC before the start of the project
- In addition, a note is to be sent to all relevant stakeholders stating QCI's involvement to ensure cooperation
- Provision of 1 room within DARPG premises for project team members from QCI to sit. The room should have adequate seating for all QCI personnel and DARPG personnel deputed within the PMU. Printing, Wi-Fi and other facilities necessary should also be provided to the PMU team by the DARPG.
- Entry-pass for all project team members for the duration of project to be issued

X. Terms and Conditions

1. Exit Clause

In case either party does not wish to continue with the project, expenses and project payment till date of continuation will be paid to Quality Council of India. The finalised exit route will be decided upon to finalise handover of responsibilities. Official termination of services will be brought into effect 3 weeks from notification of exit.

2. Dispute Resolution

Any dispute will be resolved by mutual agreement.

XI. Undertakings

1. Data Confidentiality

QCI will ensure data confidentiality of all data, presentations, reports etc. prepared during the project and will not release the above to any other QCI team members except the six professionals engaged with the DARPG as well as any 3rd parties until prior discussion and agreement with the DARPG.

2. Payment

DARPG will ensure all required payments and reimbursements to Quality Council of India will be made in a timely manner.

3. Service Charge

Service charges (as applicable) will be paid by the DARPG in addition to the cost specified in the proposal above.
