1. INTRODUCTION

The Ministry of Culture (MoC), Government of India, plays a pivotal role in the preservation, promotion, and dissemination of India's rich cultural heritage. Through its Central Sector Schemes (CSS), the Ministry supports a wide spectrum of cultural institutions, individual artists, scholars, and community-led initiatives that collectively nurture and safeguard the country's tangible and intangible cultural assets.

Among its key programs are the **Kala Sanskriti Vikas Yojana (KSVY)**, which supports traditional and performing arts across 16 components; the **Global Engagement Scheme**, which promotes India's cultural diplomacy and global outreach; the **National Mission on Libraries (NML)**, which seeks to modernize library infrastructure and services for inclusive access to knowledge resources; the **National Mission on Cultural Mapping (NMCM)**, which aims to comprehensively document, map, and foster India's diverse cultural assets and practitioners; and the **Centenary & Anniversary Celebration Schemes, Development of Museum Scheme** which commemorate significant milestones of national relevance through curated cultural programming.

In recent years, there has been a growing emphasis on enhancing the governance, transparency, and impact of government schemes. In alignment with directives from the Department of Expenditure, Ministry of Finance, and notably the Cabinet Secretary's letter dated 19.12.2017, which underscores the importance of evaluating Central Sector Schemes, third-party evaluations have emerged as a critical mechanism. These evaluations help assess the design, implementation, and performance of schemes, ensuring accountability, identifying opportunities for improvement, and supporting evidence-based policy-making and efficient resource allocation.

Against this backdrop, the Quality Council of India (QCI) proposes to undertake a comprehensive third-party evaluation of key Central Sector Schemes under the Ministry of Culture. This evaluation will provide an objective analysis of each scheme's relevance, efficiency, effectiveness, sustainability, and impact, while also identifying best practices and recommending areas for streamlining, restructuring, or scale-up.

This document outlines the proposed approach & methodology, scope of work, deliverables, and timelines for conducting the evaluation, covering the full spectrum of major schemes currently operational under the Ministry of Culture.

2. ABOUT QUALITY COUNCIL OF INDIA

Quality Council of India (QCI) is an autonomous organisation established in 1997, through joint initiative of the Government of India and the Indian industry, pursuant to resolution of the Indian Cabinet in 1996. It is registered as a Society under the Societies Registration Act, 1860 with the mandate to establish and operate the national accreditation system in India and promote quality in all aspects of life, industry, environment, and governance. The Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry, Government of India is the nodal point in the government for QCI and all matters concerning quality.

QCI has been engaged by several ministries and government institutions **including the Ministry of Defence, NITI Aayog, Department of Industrial Policy and Promotion, Ministry of MSME, Ministry of Railways, Ministry of Petroleum and Natural Gas, Ministry of Housing and Urban Affairs, Ministry of Drinking Water and Sanitation, Ministry of Skills as well as several state governments such as Gujarat, Jharkhand, Punjab, Uttar Pradesh, Odisha** among others on a variety of projects dedicated to improvement in quality.

Quality Council of India and its constituent boards are headed by the Chairman of QCI – **Mr. Jaxay Shah** and the Secretary General of QCI – **Mr. Chakravarthy T. Kannan**

Chairman – Quality Council of India

The Chairman of QCI is appointed by the Prime Minister of India. Over its history, QCI has had several illustrious chairmen such as –

- Shri Ratan Tata (1997 – 1999)
- Shri Venu Srinivasan (1999 – 2001)
- Shri Arun Maira (2010 – 2013)
- Shri Amitabh Kant (2014)
- Shri Adil Zainulbhai (2014 – 2022)
- Shri Jaxay Shah (2022- Current)

The current Chairman, Mr. Jaxay Shah is also the Founder and Chairman Managing Director of the Savvy Group of Companies, a professional construction conglomerate. He is the former Chairman of the Confederation of Real Estate Developers' Association of India (CREDAI), the apex body of private Real Estate developers in India. Under his leadership, QCI is working in multiple sectors such as healthcare, education, trade & commerce, energy, water, sanitation, etc., and engaging with 50+ central governments, state governments, and public bodies.

QCI coordinates its activities through the following boards:

- **National Accreditation Board for Testing and Calibration Laboratories (NABL):** It grants accreditation to a) testing and calibration laboratories; b) medical laboratories; c) proficiency testing providers; and d) reference material providers. NABL is an ILAC and APAC (earlier APLAC) MRA signatory for its accreditation programmes. NABL has granted accreditation to more than 8000 conformity assessment bodies and currently has more than 1000 applicants. NABL has the second-highest number of laboratory accreditations in the world.
- **National Accreditation Board for Certification Bodies (NABCB):** It grants accreditation to management system certification bodies, product certification bodies, personnel certification bodies, and inspection bodies. NABCB is a signatory to IAF/APAC MLA for its programmes under ISO/IEC 17021 (QMS, FSMS, EMS, ISMS, and EnMS), ISO/IEC 17065 for product certification, and Global GAP. NABCB is a signatory to the ILAC and APAC (earlier APLAC) MRAs for its inspection body programme.
- **National Accreditation Board for Education and Training (NABET):** Provides accreditation to certification bodies in the education and skills sectors.
- **National Accreditation Board for Hospitals and Healthcare Providers (NABH):** It grants accreditation to hospitals and healthcare providers. NABH maintains its international linkages

with ISQua (International Society for Quality in Health Care) and ASQua (Asian Society for Quality in Health Care). NABH has granted more than 1,000 accreditations to hospitals and various other healthcare providers.

- **National Board for Quality Promotion (NBQP):** It is responsible for quality promotion and provides support in spreading the quality movement in the country.

Divisions of the Quality Council of India:

- **Project Planning and Implementation Division (PPID):** The Project Planning and Implementation Division (PPID), under the Special Project Group of QCI, is responsible for project initiation, development, planning, and execution, especially for the Government.
- **Project Analysis and Documentation Division (PADD):** The Project Analysis and Documentation (PAD) Division of the QCI handles projects that aim towards the design, development, and implementation of voluntary conformity assessment frameworks for governmental, inter-governmental, regional, and global organizations. The Division drives initiatives that have national, regional, and global relevance.
- **National Division for Industry Excellence (NDIE):** The National Division for Industry Excellence looks after the implementation of the ZED scheme and associated activities. The scheme is an integrated and holistic certification system that will account for quality, productivity, energy efficiency, and pollution mitigation, financial status, human resources, and technological depth, including design and IPR in both products and processes.

3. SIMILAR PROJECTS BY QCI

Project	Key Highlights
Study of Organizations and Schemes under the Ministry of Culture	• The Ministry engaged QCI for a diagnostic study of its organizations and schemes to identify issues persistent over time, understand bottlenecks and administrative challenges. • The project involved a thorough review of the previous committee reports, each organization's scope & mandate, scheme guidelines, detailed document review, site visits, stakeholder consultations, international benchmarking to identify gaps and recommendations to address the issues and challenges.
Promotion of Culture of Sciences	• For the Ministry of Culture, QCI did a third-party evaluation of the scheme with the aim of making data-driven and targeted modifications to the scheme, ensuring effective utilization of resources. • QCI conducted a comprehensive review of the scheme with a varied sample of 6 Science centres and 3 Innovation Hubs throughout India, covering 6 geographical regions of India (as classified by the NSSO), and category I and II Science centres.

Impact Evaluation of Heritage City Development and Augmentation Yojana (HRIDAY) Scheme	• QCI conducted an impact assessment study in 2023 to evaluate the scheme's impact on revitalizing heritage areas and enhancing overall quality of life. • The study involved a multidisciplinary team and utilized a citizen perception survey covering dimensions such as sanitation, security, tourism, heritage revitalization, livelihoods.
ONDC: Open Network for Digital Commerce	• QCI suggested engagement for Digital Readiness and Seller Service Quality assessment. • Studied and recommended an appropriate institutional structure for housing ONDC permanently • Developed an initial framework for building ONDC that included, launch, early-stage growth and sustained growth Conducted pilot for ONDC and connected with 14 participants in selected domains working towards adopting ONDC
Prime Minister's Research Fellowship Project – Third party Evaluation	• QCI conducted a Third-party evaluation of the PMRF scheme, assessing its impact and benefits to stakeholders. • The study involved understanding the scheme's influence on its beneficiaries and quantifying its benefits for all stakeholders. • The evaluation provided insights into effectiveness and impact of PMRF scheme in fostering quality research and attracting top talent to higher institutions.

4. BACKGROUND

The preservation and promotion of arts and culture are not merely matters of policy; they are expressions of national identity, collective memory, and human flourishing. UNESCO has consistently emphasized that public funding is a primary enabler of sustainable and inclusive cultural ecosystems. Mechanisms such as grants, capital schemes, subsidies, and impact funds allow cultures to thrive by empowering artists, preserving traditions, strengthening institutions, and expanding equitable access to creative expression.

Aligned with this global vision, the Ministry of Culture, Government of India, has undertaken a transformative effort to realign and modernize its institutions and programs, ensuring that India's vast cultural heritage continues to flourish both domestically and internationally. This vision is nested within the national ambition of Viksit Bharat@2047—a future in which creativity, tradition, innovation, and inclusion are key drivers of India's progress.

Among the Ministry's flagship initiatives, Central Sector Schemes such as the **Kala Sanskriti Vikas Yojana (KSVY)**, **Global Engagement Scheme**, **Centenary & Anniversary Celebration Schemes**, **Development of Museum Schemes**, **National Mission on Libraries (NML)**, **National Mission on Cultural Mapping (NMCM)**, and are critical levers for reaching grassroots artists, institutions, and citizens. These schemes are designed to support diverse cultural expressions, expand infrastructure, promote international collaborations, and systematically document and strengthen India's creative and knowledge ecosystems.

However, as these schemes evolve, there is a growing need to ensure their continued relevance, effectiveness, and adaptability to emerging cultural, technological, and societal contexts. A robust and timely **Third-Party Evaluation** offers a vital mechanism to assess their performance, identify operational gaps, and provide actionable insights for improvement. This is especially pertinent given the Government of India's emphasis on data-driven governance, transparency in public spending, and citizen-centric service delivery.

Moreover, the **Cabinet Secretary's directive via letter dated 19.12.2017** underscored the importance of periodic, independent evaluations of Central Sector Schemes to assess relevance, efficiency, and impact—ensuring that public funds deliver meaningful and measurable outcomes. This guidance forms the basis for institutionalizing rigorous Third-Party Evaluations across key schemes of the Ministry.

In alignment with its commitment to evidence-based policy and outcome-driven governance, the Ministry of Culture issued a formal **Letter of Intent dated 14th May 2025**, commissioning **Quality Council of India (QCI)** to undertake a third-party evaluation of key Central Sector Schemes under its purview. This evaluation seeks to assess the schemes' performance in the last five financial years and to generate actionable recommendations for the next scheme cycle (2026–2031).

This evaluation goes beyond administrative review. It is rooted in the Ministry's deep commitment to:

- Expanding access to cultural participation in a democratic and decentralized manner.
- Enhancing the livelihoods of artists and cultural workers through timely and fair support.
- Optimizing scheme design and delivery to reduce friction for applicants and implementing agencies.
- Strengthening institutional ecosystems—such as nodal agencies, libraries, and cultural missions—for long-term sustainability and excellence.

By evaluating outcomes, identifying systemic gaps, and co-creating a roadmap for 2026–2031, this initiative will help ensure that India's cultural practitioners- individuals and institutions alike—are empowered, resilient, and future-ready.

5. SCOPE OF WORK

1. This study aims to provide a comprehensive **Third-Party Evaluation** of four key Central Sector Schemes (CSS) and two missions under the Ministry of Culture with the objective of informing the next scheme cycle (2026–2031).
2. The schemes & missions to be covered under this evaluation are as follows:

- Kala Sanskriti Vikas Yojana (KSVY)
- Global Engagement Scheme (GES)
- Centenary & Anniversary Celebration Schemes
- Development of Museums Scheme (including Museum Grant Scheme [MGS] & Strengthening of Prominent Cultural Spaces [SPOCS])
- National Mission on Libraries
- National Mission on Cultural Mapping

The evaluation will follow a structured, multi-phase approach covering the following components:

I. Desk Research and Secondary Data Analysis

- Review of scheme guidelines, implementation frameworks, administrative procedures, and financial allocations from 2021 onwards.
- Mapping of sub-schemes, implementation models, and identification of performance indicators across each scheme.
- Analysis of available secondary data to assess scheme outreach, progress trends, efficiency, and alignment with stated objectives.

II. Evaluation of Implementation Mechanisms

- Review of institutional structures, fund flow mechanisms, approval timelines, and reporting systems for each scheme
- Review the roles of implementing agencies, Central Nodal Agencies (NSD, ZCCs, CCRT, NCSM & RRLF) and review their timelines, and fund utilization records.
- Identify systemic strengths, weaknesses, and areas for improvement.

III. Field-Level Data Collection and Stakeholder Feedback

- Design and administer structured and tailored questionnaires for:
 - Beneficiaries of the Schemes (individuals & organisations)
 - Implementing agencies (Ministry, State Departments, NGOs, Institutions)
- Conduct field visits, interviews, and consultations with Central Nodal Agencies, Implementing Bodies and key officials.

IV. Gap and Need Analysis

- Identify challenges (policy-level, procedural, capacity-related, or beneficiary-side) and barriers across implementation levels.
- Assess current relevance, effectiveness, and scalability.
- Determine key needs for enhancing scheme design and delivery.

V. Recommendations and Future Strategy for next cycle (2026-31)

- Propose actionable improvements for the next scheme cycle, which includes scheme guidelines, fund flow mechanism, and stakeholder responsibilities.
- Recommend end-to-end processing of proposals and evaluation criteria.
- Suggest reforms to strengthen governance, fund utilization, and field impact.
- Recalibration of scheme design and architecture to align with evolving cultural priorities and sectoral needs.

- Restructuring of scheme components by eliminating redundancies and phasing out interventions that have demonstrated limited effectiveness or sub-optimal outcomes.
- Closure or merger of schemes that have either achieved their stated objectives or no longer serve a critical policy function in the current context.

6. APPROACH AND METHODOLOGY

The methodology adopted for this Third-Party Evaluation of selected Central Sector Schemes is structured, evidence-based, and stakeholder-centric. The evaluation will follow a sequenced, mixed-method approach, combining desk research, field surveys, institutional consultations, and data-driven analysis to generate actionable recommendations for the next scheme cycle (2026–2031).

QCI will follow the **REESI+ C+ E** (Relevance, Efficiency, Effectiveness, Sustainability, Impact + Coherence + Equity) evaluation framework as defined by DMEO, NITI AAYOG, to ensure a robust evaluation design methodology.

Stage 1: Desk Review

- Review of scheme guidelines, implementation records, fund release data, and monitoring documents for last five financial years.
- Mapping of sub-schemes, beneficiary categories, and implementing bodies
- Identification of key performance indicators (KPIs), milestones, and geographical spread.

Stage 2: Development of Survey Instruments

- Design of structured questionnaires and interview guides tailored to:
 - Individual and institutional beneficiaries
 - Implementing agencies (State departments, NGOs, cultural bodies)
 - Central Nodal Agencies (CNAs) such as NSD, NCZCC, and CCRT
 - Ministry officials (Division heads and IFD)
- Alignment of tech tools with survey objectives and evaluation parameters

Stage 3: Pilot Testing & Field Planning

- Pilot of survey instruments with a small set of respondents across beneficiary and agency categories.
- Collection of feedback on language clarity, response formats, and relevance of questions.
- Refinement of tools and approach based on pilot insights.
- Finalization of fieldwork timeline, stakeholder sample lists, and logistical plan across selected States/UTs.
- Coordination with Ministry officials and CNAs for scheduling visits and interviews.
- Parallel planning for virtual interviews where physical access may be limited.

Stage 4: Field Assessment

- Engagement with approximately 1,208 beneficiaries across individual and institutional categories through both offline and online modes.
- This sample size has been determined using the following statistical formula:

$$n = \frac{N \times Z^2 \times p(1 - p)}{(N - 1) \times e^2 + Z^2 \times p(1 - p)}$$

Where:

- N = Population (number of beneficiaries)
- Z = 1.96 (for 95% confidence level)
- p = 0.5 (maximum variability)
- e = 0.05 (margin of error)

Considerations:

- Proportional sampling has been applied to ensure that each scheme component is assessed in alignment with population size ratios, maintaining representative distribution across all beneficiaries. This ensures that schemes with larger beneficiary size receive proportionate evaluation coverage.
- For populations less than 100, **25% of the total population** has been considered to ensure a balanced yet feasible evaluation scope.
- The sample size specified for each scheme represents the **maximum units** that will be considered in the study, ensuring statistical validity while maintaining operational feasibility.
- Interactions with beneficiaries (KIIs) will primarily be conducted through virtual interviews, ensuring efficient outreach and engagement. Physical interactions will be facilitated wherever feasible, prioritizing locations and schemes/missions where in-person discussions add significant qualitative value to the study.

Tailored Data Collection for Scheme-Specific Needs				
	Schemes/ Mission	Data collection methodology	Total Beneficiaries	Sample Size (maximum up to)
1.	KSVY	• A hybrid approach will be adopted, comprising physical Focused Group Discussions (FGDs) in select clusters and Key Informant Interviews (KIIs) with individual beneficiaries and implementing agencies.	15,000 beneficiaries	374
2.	GES	• KIIs; Stakeholder consultations will be conducted through virtual interviews, considering the scheme's nature and geographic dispersion of implementing institutions.	• 627 empaneled artists • 5 Festivals of India (Fol)	239 artists 5 Fols
3.	C&A	• KIIs; Interactions with implementing agencies and stakeholders will be undertaken through virtual	278 beneficiaries	162 beneficiaries

		interviews, focusing on planning, execution, and public engagement.		
4.	Development of Museums Scheme	• Visits to museums, innovation hubs, science centres, and cultural spaces for first-hand assessment of utilisation and public engagement • For components focused on digitisation and capacity building, secondary data will be reviewed along with KIIs with relevant stakeholders	• 56 museums • 24 innovation hubs & science centers	• 14 museums • 6 innovation hubs & science centers
5.	NML	• On-site physical verification will be undertaken for libraries that received financial assistance under “Model Libraries Schemes” component. • KIIs will be conducted for “Capacity Building component” • Desk review will be undertaken for “Digitisation” component under National Virtual Library of India	• 43 model libraries • 5,478 Capacity Building participants	• 11 model libraries • 360 participants
6.	NMCM	• Since the mission does not have direct beneficiaries, the evaluation will primarily be a process review involving interviews with implementing body to assess design, documentation, and execution.	-	-

Data collection approach:

- Stakeholder interviews and site visits will be conducted to gather qualitative feedback on scheme accessibility, implementation challenges, fund utilization, and monitoring.
- On-site will be conducted for assessments of libraries, museums, science centres and innovation hubs which received financial assistance for physical infrastructure upgrades under NML, MGS & SPOCS respectively.
- In-person interactions will be held with Implementing Agencies and all major Central Nodal Agencies (NSD, ZCCs, CCRT, RRRLF & NCSM).

Stage 5: Data Analysis & Insight Generation

- Triangulation of desk review, field findings, and study of best practices to identify systemic gaps, and bottlenecks.
- Categorisation of insights by scheme type, geography, and beneficiary group for trend analysis.

Stage 6: Recommendations & Reporting

- Development of actionable, evidence-backed recommendations for strengthening KSVY, GES, NML, C&A and NMCM in the 2026–2031 cycle.
- Focus on improving fund flow mechanisms, institutional efficiency, monitoring frameworks, and beneficiary experience, and scheme design etc.
- Submission of 6 final consolidated reports to the Ministry of Culture.

7. DELIVERABLES

6 comprehensive reports integrating the following components:

1. Progress analysis of five selected Central Sector Schemes from 2020-21 to 2024-25, based on secondary data, scheme documentation, and official records.
2. Assessment of current implementation methods, monitoring frameworks, roles of implementing agencies and Central Nodal Agencies, and identification of operational strengths and weaknesses.
3. Synthesis of field-level insights and stakeholder feedback, captured through structured surveys, in-depth interviews, and consultations with beneficiaries, and CNAs, supplemented by physical verification of a sample of scheme's beneficiaries, assets and infrastructure.
4. Identification of critical gaps, challenges, and opportunities for improvement in the design and delivery of the Schemes.
5. Actionable suggestions for the next cycle 2026-31 to improve scheme effectiveness and propose modifications to processes, monitoring mechanisms, and fund utilization.

8. CONTRACT PERIOD

The contract shall be in effect for **3 months from date of issuance of work order**. The same can be further extended based on mutual agreement between Ministry of Culture and QCI.

9. FINANCIALS

9.1 Project Financials & Cost Break up

Heads	Qty.	Duration	Unit	Unit Cost	Total
Human Resources (15) (A)^					
Project Manager	1	3	Man-months	1,75,000	5,25,000
Resources (15+3 ¹)	18	3	Man-months	1,10,000	59,40,000
Resources during Field	6	1	Man-months	75,000	4,50,000
Total Human Resource Cost (A)					69,15,000
Ground Travel & Logistics (B)*					
Within Delhi (2 QCI professionals to 4 CNAs/ IBs/ Museums)	8	2	Man-day	2,000	32,000
Outside Delhi (2 QCI professionals to 40 Implementing Bodies/ Libraries/ Museums/ innovation Hubs/ Science Centres for 2 day)	80	2	Man-day	25,000	40,00,000
Total Travel & Logistic Cost (B)					40,32,000
Survey Cost (C)					
Data Collection Tool					50,000
Total Technology Cost (C)					50,000
Sub-Total (A+B+C)(D)					1,09,97,000
Administrative Charges (12% of D) (E)					13,19,640
Total Cost (D + E) (F)					1,23,16,640
Tax (18% of F)					22,16,995
Total Cost (including tax)					1,45,33,635
One Crore Forty-Five Lakh Thirty-Three Thousand Six Hundred and Thirty-Five					

1. In a discussion with Secretary, Culture, in the presence of JS Coordination and JS Admin. on 12 June 2025, it was decided that QCI will also conduct research on financial requirements for scaling up current programmes, and include considerations for formulation of new programmes, wherever required, in alignment with the interventions charted out in the draft Vision 2047 document. Three additional resources have been included for this purpose.

9.2 TERMS OF PAYMENT

- I. Bills shall be raised in accordance with the payment structure outlined in the next section.
- II. ^Manpower Costs may vary depending on actuals in case of extended scope & timelines.
- III. *List of location can be found in the annexure
- IV. Travel cost may vary in case client requires an increment in the number of locations.

9.3 PAYMENT STRUCTURE

Upon award of work order	40%
Submission of Draft Reports	50%
Submission of Final Reports	10%

10. GENERAL TERMS

- I. AMENDMENT OF AGREEMENT: No amendment or modification of the agreement authorising this project shall be valid unless it is made in writing jointly by both parties or by their authorized representatives and specially stating the reason for amendment to this agreement. The modification/changes shall be effective from the date of which they are made/executed unless otherwise agreed to.
- II. FORCE MAJEURE: The parties shall ensure due compliance with the terms of this agreement. However, no party shall be liable for any claim for any loss or damage whatsoever arising out of failure to carry out the terms of the agreement to the extent such a failure is due to force majeure events such as fire, rebellion, mutiny, civil commotion, riots, strike, lockout, force of nature, accident, act of God, or any other reason beyond the control of concerned party.
- III. ARBITRATION: The disputes, if arising, shall be settled by arbitration with sole arbitrator (to be jointly appointed in 30 days) in accordance with the procedure prescribed in the Indian Arbitration and Conciliation Act, 1996 or any statutory modification or re-enactment thereof and the rules made thereunder and for the time being in force. Proceedings shall, unless otherwise agreed by the parties, to be held in Delhi, India. Governing law will be laws of India. Language will be English.
- IV. NOTICE: All notices permitted or required to be given under the provisions of this agreement shall be deemed to be sufficiently given if written and delivered personally or sent to the other party by telefax or certified or registered air mail or email and addressed to the registered office of the other party as follows or to such other party address as the party may give notice in writing. Unless otherwise provided herein all such notices shall be deemed to have been given as of the date they are personally delivered or transmitted by telefax or email or deposited in the mail.
- V. TERMINATION OF AGREEMENT: Either party shall have the right to terminate the agreement at any time by giving thirty days' notice in writing in advance indicating reasons for same to the other party. The reasons, however, will need to be justified and in case the termination leads to delay/pause/abortion of the project, the Authority reserves the right to not make any payments further to the date of project termination as indicated by either party.

11. ANNEXURE

List of locations for Field Assessment

I. Within Delhi

S. No.	Organization	Location
1	Centre for Cultural Resource and Training (CCRT)	Dwarka
2	National School of Drama	New Delhi
3	Indira Gandhi National Centre for Arts	New Delhi
4	Indian Council for Cultural Relations	IP Estate, New Delhi

II. Outside Delhi

S. No.	Organization	Location
1	North Zone Culture Centre	Patiala, Punjab
2	North Central Zone Culture Centre	Prayagraj, Uttar Pradesh
3	North East Zone Cultural Centre	Dimapur, Nagaland
4	West Zone Cultural Centre	Udaipur, Rajasthan
5	South Zone Cultural Centre	Thanjavur, Tamil Nadu
6	South Central Zone Cultural Centre	Nagpur, Maharashtra
7	Eastern Zonal Cultural Centre	Kolkata, West Bengal
8	Raja Ram Mohun Roy Library Foundation	Kolkata, West Bengal
9	National Council of Science Museum	Kolkata, West Bengal
10-20	11 libraries (State Central and District) under National Mission on Libraries, across the nation	
21-34	14 museums under MGS across the nation	
35-40	4 Innovation hubs & 2 Science Centers across the country
